RACING INFORMATION

All members are encouraged to come and enjoy club racing.

Handicap racing is run on Sunday afternoons using the Average Lap Time system. Occasional Pursuit Races provide an interesting alternative.

Class Races are run on Thursday evenings with classes starting in the order GP14 then Laser with Handicap then Topper and Mirror together.

Races on Tuesday evening incorporate a helm handicap system to give those with less experience a head start.

Members racing double handed boats often require a crew. Crewing is a great way to accelerate progress. A list of crews available and required is in the club.
